## C52P GUARDRAIL SPEED BRACKET ASSEMBLY™

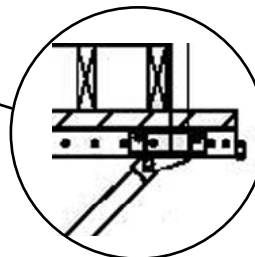

The C-52P Guardrail Speed Bracket Assembly is designed for fast and easy attachment to the C-49 Bridge Overhang Bracket. The C-52P's Speed Bracket bolts securely to the C-49 Bridge Overhang Bracket and provides a base to simply install the Guardrail Post. The Guardrail Post has a nail down feature to prevent uplift.

\*WARNING: Guardrail Speed Bracket Assembly must be secured to deck with proper fasteners to ensure complete safety.

### PRODUCT FEATURES AND BENEFITS:

- Requires only two bolts to attach to a C-49 BOB
- The C-52P is compatible with 2" x 4" or 2" x 6" lumber or cable railings

### PRODUCT SPECIFICATIONS:

- 9/16" bolt holed on Speed Bracket for attachment
- The entire Guardrail Assembly weighs a convenient 15.6 lbs.
- Sliding assembly allows for fit to a variety of deck thicknesses
