

Screed King Power Screed

Vibrating screed with revolutionary magnesium screed board for better concrete surfaces.

The Screed King is easy to use and saves time, service and manpower while providing the best finished concrete quality. The unique magnesium power bar and power transfer system produces a high frequency vibration that eliminates the honeycomb effect and speeds finishing time. Screed King allows one person to do the work of two in less time as compared to traditional 2x4 screeding. Screed King can pay for itself in the first few pours.

The Screed King is available in a variety of configurations, with multiple board lengths that can be removed without tools. Screed King also features the option to run boards longer than 16' with dual power heads.

Magnesium screed boards are built to last with no seams or welds.

Screed King Benefits:

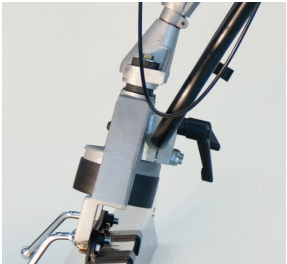

- Unique magnesium screed boards are strong, durable and do not react with concrete
- Tool-less board change system keeps you up and running
- Vibration amplitude is easy to control and adjust in the field
- Handlebars with molded hand-grips are isolated from vibration and are easy to adjust for maximum comfort
- Maintenance-free design is job tested and built to last

Wyco's ultra-durable shipping container ensures replacement boards arrive safely.

Durable stainless steel mounting levers allow for tool-less board removal.

No tools are required to adjust the handle bar height.

Power Screed

Concrete Screed Screed King

The Screed King is a high frequency gas-powered vibration screed with Magflo magnesium screed board and tool-less board change system. The unit features a 4-stroke Honda engine.

WS621505	42	Screed King Power Unit with GX35 Honda 4-Stroke Engine

Screed Bars (Power Units Sold Separately)

Part #	Ship Weight	Description
WS621400	18	4' Magflo Screed Bar
WS621405	21	5' Magflo Screed Bar
WS621410	24	6' Magflo Screed Bar
WS621415	30	8' Magflo Screed Bar
WS621420	36	10' Magflo Screed Bar
WS621425	44	12' Magflo Screed Bar
WS621430	49	14' Magflo Screed Bar
WS621435	55	16' Magflo Screed Bar
WS621440*	59	16' Magflo Screed Bar - incl. mounting bkt. for second Power Unit
WS621445*	64	18' Magflo Screed Bar - incl. mounting bkt. for second Power Unit
WS621450*	69	20' Magflo Screed Bar - incl. mounting bkt. for second Power Unit

* Two power units required.

Screed King features the Honda GX35 four-stroke gas engine. The ultra-lightweight GX35 Mini 4-Stroke efficiently delivers the kind of powerful, quiet performance that you'd expect from a larger engine – but in a very compact package. The GX35 is extremely fuel-efficient and delivers smooth, quiet performance with famous Honda reliability. The GX35 is also CARB and EPA certified.
